# OECD-FAO Agricultural Outlook 2019-2028

SPECIAL FOCUS: LATIN AMERICA

H19-00125

# **OECD-FAO Agricultural Outlook 2019-2028**

This work is published under the responsibility of the Secretary-General of the OECD and the Director-General of the FAO. The opinions expressed and arguments employed herein do not necessarily reflect the official views of OECD countries, or the governments of the FAO members.

This document, as well as any data and any map included herein are without prejudice to the status of or sovereignty over any territory, to the delimitation of international frontiers and boundaries and to the name of any territory, city or area.

The designations employed and the presentation of material in this information product do not imply the expression of any opinion whatsoever on the part of the Food and Agriculture Organization of the United Nations concerning the legal or development status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.

The names of countries and territories used in this joint publication follow the practice of the FAO.

The statistical data for Israel are supplied by and under the responsibility of the relevant Israeli authorities. The use of such data by the OECD is without prejudice to the status of the Golan Heights, East Jerusalem and Israeli settlements in the West Bank under the terms of international law.

The position of the United Nations on the question of Jerusalem is contained in General Assembly Resolution 181(II) of 29 November 1947, and subsequent resolutions of the General Assembly and the Security Council concerning this question.
